

ASHLEY SCHOLEFIELD

My name is Ashley Scholefield. I was born in Duval, and moved to Strasbourg with my family in 2001. My husband Keifer and I bought our first home here in 2013, where we are raising our daughter Amalia. I commute to Regina where I have worked as a Critical Care RN at the Pasqua ICU since 2017.

In my spare time I enjoy working and gardening in my yard as well as spending time out at Last Mountain Regional Park. I also have been involved with the Last Mountain Theatre Company and have assisted and acted in multiple productions. I particularly enjoyed working on the community haunted houses.

I am in love with our little community and am beyond proud to call Strasbourg my home. If elected I look forward to this new opportunity to learn and serve our town and its residents!
